*When darkness falls, may it be
That we should see the light
When reaper calls, may it be
That we walk straight and right*

*When doubt returns, may it be
That faith shall permeate our scars
When we're seduced, then may it be
That we not deviate our cause*

*All sinners, a future
All saints, a past
Beginning, the ending
Return to ash*

*Now that we're dead, my dear
We can be together
Now that we're dead, my dear
We can live, we can live forever*

*When all is pain, may it be
It's all we've ever known
When flame consumes, may it be
It warms our dying bones*

*When loss has won, may it be
It's you I'm madly fighting for
When kingdom comes, may it be
We walk right through that open door*

*All sinners, a future
All saints, a past
Beginning, the ending
Return to ash*

*Now that we're dead, my dear
We can be together
Now that we're dead, my dear
We can live, we can live forever*

*All sinners, a future
All saints, a past*

*Beginning, the ending
Return to ash*

*Now that we're dead, my dear
We can be together
Now that we're dead, my dear
We can live, we can live forever*

*Return to ashes, shed this skin
Beyond the black, we rise again
We shall live forever*
